NCIE FITNESS CENTRE

GROUP FITNESS TIMETABLE *Spring 2018*

NATIONAL CENTRE OF
INDIGENOUS EXCELLENCE

AQUA FINS	Aqua Fins is a non-weight bearing, strength building class structured to target the large muscle groups of the legs and abdomen. This class may be suitable for those who have conditions with their knees, hips or back but is also suitable for those who consider themselves 'fit' and want to complement their weight-bearing exercises. Participants must bring their own pair of flippers.
AQUA FIT*	Aqua Fit is the new, fun way to get fit in the water. Traditional to innovative aqua based exercises using water for resistance, increasing strength and general fitness. Aqua Fit is a low impact, high intensity exercise which is great for joint strength and can assist in weight loss.
BODY PUMP	The ultimate weight training workout to music, challenges all of your major muscle groups by using the best weight room exercises such as squats, presses, lifts and curls. Tones muscle, improves strength and reduces body fat.
BOX45	This is an engaging, challenging workout designed to develop your boxing skills and increase overall fitness. These sessions will reward you with increased strength, muscle tone, cardiovascular fitness, coordination, and burn away excess body fat.
CROSS 45/60	Learn to train in all components of fitness effectively in an engaging environment. Learn correct movement patterns and other skills to take your training to the next level. Cross training is great for enhancing weight loss and improving total fitness. Suitable for all levels of fitness
HIIT45	High intensity interval training (HIIT) has quickly become the preferred method for achieving results, fast! Come to these classes expecting to train your strength and cardiorespiratory systems, alternating hard work intervals with active recovery. You'll burn tonnes of energy and improve your ability to train harder for longer!
PILATES	Pilates teaches you body control and develops strength and flexibility. You'll focus on alignment, positioning and stability by activating and engaging the deeper core and trunk muscles to stretch and strengthen your whole body. A rewarding class that can help relieve back problems.
SPIN	An indoor cycling class based on outdoor riding. A challenging workout of various terrains and intervals set to motivating music. Take the lead from the instructor and then set your own resistance, speed and pace. Great cardio respiratory workout that will strengthen the lower body and core, burn calories and increase fitness. Suitable for all levels of fitness.
SWIM FIT	Improve your swimming technique while getting fit in this class designed around building your aerobic capacity and core muscles.
WARRIOR 45/60	Warrior training is a functional strength and conditioning program that combines dynamic functional movements and body awareness that challenges the way you train. Each workout is never the same so if you are looking for an ultimate workout that uses non-conventional equipment such as ropes, tyres, sleds and medicine balls then Warrior is for you. Suitable for all fitness levels.
YOGA	Using a combination of traditional and innovative styles, this class focuses on flexibility, joint alignment and breathing techniques to calm the mind and ease the body. It incorporates flowing and dynamic poses and is suitable for all levels of yoga experience.
YOGA (Dynamic)	A higher intensity yoga class that includes strong movements and creative flows that will energise and challenge your practice to inspire you both physically and mentally. Classes vary in focus and pace. All levels are welcome.
YAH (YOUNG AT HEART)	A class specifically designed for over 50's which involves low-impact cardiovascular and strength activities. Stay active and in the prime of your life by improving bone density, balance, muscular strength and coordination.
